**Abstract.** New faunistic data for ten species of the family Dinidoridae are presented based on the material from the Hungarian Natural History Museum (Budapest, Hungary), the Bernice P. Bishop Museum (Honolulu, Hawaii, USA), and Dr. Wolfgang G. Urlich collection (Lübeck, Germany). New country records are presented for three species, *i.e.*, *Eumenotes obscura* (Laos, Indonesia), *Cyclopelta siccifolia* (Nepal), and *Coridius chinensis* (Myanmar).

**Key words:** Hemiptera, Heteroptera, Pentatomoidea, Dinidoridae, Old World, faunistics, new country records, Laos, Indonesia, Nepal, Myanmar.

### **Introduction**

At present, the pentatomoid family Dinidoridae includes 105 species (Durai 1987; Rolston *et al.* 1996; B. Lis 1996; Kocorek & J.A. Lis 2000, 2008; J.A. Lis & B. Lis 2001; Kocorek & Danielczok-Demska 2002; Kocorek 2003, 2004) distributed primarily in the Old World regions.

This paper is based on the material borrowed from the Department of Zoology, Hungarian Natural History Museum, Budapest, Hungary (HNHM)), the Bernice P. Bishop Museum, Honolulu, Hawaii, USA (BMH), and Dr. Wolfgang G. Urlich collection, Lübeck, Germany (WUC), and contains new data for ten species of the family Dinidoridae (including four new country records).

## New records

### Subfamily: Megymeninae

#### *Eumenotes obscura* Westwood, 1844

**Malaysia:** Pahang, 15 III 1995, 3 male, 1 female, 1 larva (HNHM); Mal., Pahang Prov. 02 I 1985, 14 females, 6 males, 9 larvae (WUC); Borneo, Jesselton, Sept. 26, 1958, 1 female (BMH). **Laos:** Sedone Province, Paksong, 6 VIII 1965, 1 female (BMH). **Indonesia:** Amboin [Ambon] I., Waai, 30XI 1960, 1 female (BMH). **New to Laos and Indonesia.**

#### *Eumenotes pacao* Esaki, 1922

**Japan:** Ryukyu Is., Ishigaki I. 1-10 XII 1952, E.G. Bohart, 2 females (BMH). **China, Taiwan:** Tsingtau, nr. Taipei, 12 III 1958, 1 male (BMH); Formosa, Sauter, 1 female, 1 male (HNHM).

## Dinidorinae

#### *Cyclopelta obscura* (Lepeletier & Serville, 1825)

**Indonesia:** Sumatra, 20-27.07. 1991, 22 females, 13 males (HNHM).

#### *Cyclopelta siccifolia* (Westwood, 1837)

**Nepal:** Hetaura, Piplely, 1968 26 III, 2 females (HNHM). **New to Nepal.**

#### *Coridius chinensis* (Dallas, 1851)

**India:** Orissa, Jajpur, 4 XII 1967 & 27 XI 1967, 10 females, 9 males (HNHM). **Myanmar:** Shan State, Ywangan, IX 1995, 3 females, 2 males (WUC). **New to Myanmar.**

#### *Coridius fuscus* (Westwood, 1837)

**Thailand:** Thailand, ca 5km of Mae Hong Son, 23 VII 1997, 3 females, 8 larvae (WUC).

***Coridius nepalensis* (Westwood, 1837)**

**Vietnam:** Hanoi 1983, N, 20, 1 female (HNHM). **Thailand:** North Thailand, Muang Nam, August 1995, 2 females (WUC).

***Coridius putoni* (Bolivar, 1879)**

**Tanzania:** 1500m W Usamba, 1985, 1 female (HNHM).

***Coridius viduatus* (Fabricius, 1794)**

**Yemen:** Wadi-Zabid, 1-24 VIII 1969, 6 males (HNHM).

***Coridius xanthopterus* (Fairmaire, 1858)**

**Uganda:** Western Region, Kabarole Dist., 21 III 1995, 1 female (WUC).

**Acknowledgments**

I want to express my sincere thanks to the Curators of the above mentioned collection for the loan of the material for my studies (*i.e.*, T. Vászrhelyi – HNHM, G.A. Samuelson – BMH, and Dr. W.G. Ulrich (WUC). I am also grateful to Prof. J. A. Lis (Department of Biosystematics, Opole University) for his comments on the manuscript.
